Welcome

PrimeZyme International™ is committed to providing you with the specific nutritional information YOU NEED NOW to live a life of health and vitality.

Congratulations on your ongoing search for vital health and longevity!

IMAGINE having all the energy you need to succeed simply by eating the foods that make you feel satisfied...

IMAGINE having control of your health over your entire lifespan, eliminating the omnipresent fear of disease...

IMAGINE sharing this vital information with others to support their health...

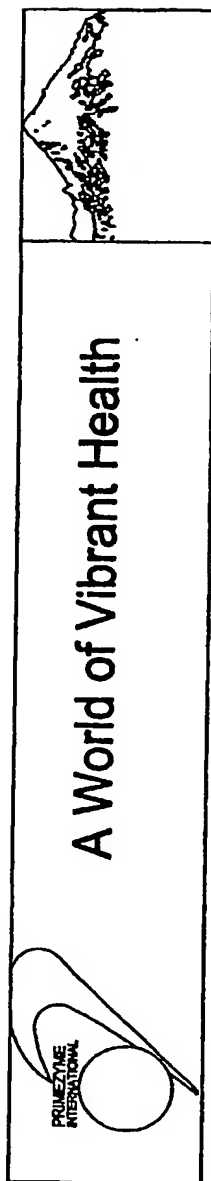

First, discover the reality of the average state of health of Modernized Americans, then explore the amazingly vital health of traditional cultures in other parts of the world, some with perfect teeth and organs! And finally, make the valuable connection between the knowledge of those health differences and the value that Prime Protein Foods can bring to your own vitality and longevity and the health of those you love.

PrimeZyme Products

StomachZyme™
(90) – 500 mg capsules

Purpose

StomachZyme™ is designed to improve and support the function of the stomach. The stomach operates at its best and processes nutrition most efficiently when the naturally occurring digestive enzymes are maintained at certain levels. Many people have problems with digestion because of the imbalance in their stomach digestive enzymes. Our specially formulated active protein enzyme supplement helps restore stomach tissue and may provide the following benefits:

- Improved digestion
- Reduced weight due to decreased water retention
- Softening of the skin
- Increased blood
- Reducing sugar cravings
- Improved production of hydrochloric acid to aid digestion
- Produces more pepsin, an enzyme that more rapidly breaks down protein
- Produces more lipase, an enzyme that breaks down fat
- Produces a protein called "Intrinsic Factor" which is essential to absorbing B12 which prevents anemia and reduces vision problems
- Helps an overly alkaline body gain pH balance equilibrium

If you have a "weak" stomach you might be experiencing one or more of the following:

- Excess water weight
- Heartburn
- Nausea
- Dyspepsia (burping)
- Loss of appetite
- Vomiting
- Stomach discomfort from stress
- Indigestion
- Hardened or cracked skin
- Strong sugar cravings
- Anemia (low red blood cells)
- Malnutrition

Ingredients

PrimeZyme proprietary formulas are made from freeze dried tissue concentrates from fresh grass fed New Zealand cattle. StomachZyme™ is made primarily from stomach tissue. It also contains liver, kidney, spleen, and heart to support these key organs.

Directions

Take 1-3 capsules per day with food. For faster results, take more as desired. For sensitive stomachs, start with 1 capsule per day. For best results, take with warm water.

- To find out if this product is right for you, take our Wellness Self-Test now and follow its directions.

How to purchase

You can purchase this product online now by [clicking here](#) or by calling 1-888-811-6241, 7 days a week.

Order online, or call NOW to order: 1-888-811-6241.
